

## Office & Financial Policy

The following describes Clinical Care Consultants (“CCC”) financial policies. Clients agree to be financially liable for the services.

When scheduling appointments, all clients must provide complete and accurate insurance information. For first appointments, clients will need to present a physical copy of their insurance card and photo ID. CCC is not responsible for obtaining authorizations for visits. Verification of insurance benefits is an estimate, not a guarantee of benefits. The client agrees to be responsible for paying the difference between initial verification information and actual insurance company payments.

CCC clients are responsible for any copay/coinsurance and/or any unmet deductible and is payable at the time of service. Although CCC submits claims to the named insurance company, CCC does not take responsibility for incorrect or outdated information supplied to CCC. As a courtesy, we will file insurance claims for you if we have accurate and complete insurance information. CCC is not responsible for filing secondary claims.

Clients without active insurance or self-pay clients are responsible for any and all charges at the time services are rendered. Any balances from prior dates of service are to be paid in full at the time of service in addition to the current visit payment.
