THE HUMAN MAGNET SYNDROME

Since publication, Ross's books, the *Human Magnet Syndrome*, have remained Amazon best sellers, having sold 65,000 copies to date. Its global application is demonstrated in its Spanish, French and soon to be in Czech, publications. Rosenberg's second book, "The Human Magnet Syndrome: The Codependent Narcissist Trap," was published on January 15, 2018. Not only is it a complete rewrite of the ground-breaking original work, it includes over 125 pages of new material.

Like its predecessor, the cutting-edge information and mind-blowing explanations contained within make it a life changer, and for many, a life saver! The person who has spent a lifetime failing in love with the wrong person, who felt so right, will finally understand what the heck happened, and why. In this version he explores topics like Narcissistic Abuse, Gaslighting, and Self-Love Recovery.

The Human Magnet Syndrome is about common, everyday relationships that many have experienced *but wish they hadn't*. Rosenberg explains why so many people fall in love with a soulmate, but awaken to a cellmate reality. Not only does the book rewrite what is known about codependency and the many insidious and hard to detect forms of pathological narcissism, it explains why the opposite codependent-narcissist attraction force is king! The book breaks new ground in its explanation of Gaslighting and how narcissists use it to entrap the people around them.

ENDORSEMENTS

"I recommend *"The Human Magnet Syndrome"* to those who work in social services, education, chemical dependency, or the counseling fields and to the people they touch. It's time to wake up and this brilliant book sounds the alarm we need." - **Melody Beattie**

"Why and how people select their intimate partners is a historical mystery. Even more mysterious is why, when the relationship fails, intimate partners select an almost identical partner and replay the same drama, especially when it involves emotional and physical abuse. In his first book on the subject, Ross illuminated the universal attractive force of lovers. In this second one, he opens the dark side of romantic attraction to the light of analysis and offers the tragic narcissist-codependent lovers a well-lighted path to understanding and healthy relating." - **Harville Hendrix**

"Ross Rosenberg's newest book will treat the reader to an invaluable body of knowledge and experience, one that thoughtfully expresses key conceptual and personal insights, along with a treasure trove of useful tools and tips. Ross generously contributes a well-crafted and relevant resource for healing from the aftermath of dealing with one of the most challenging personality types in relationships; demonstrating a means for transforming painful lifelong patterns into meaningfully healthy ones." —**Wendy T. Behary**

CODEPENDENCY CURE™ / SELF-LOVE DEFICIT DISORDER™ RECOVERY

Beyond his Human Magnet Syndrome work, Rosenberg continues to create new and exciting contributions to the mental health and addiction fields.

“The Codependency Cure™” is Rosenberg’s Human Magnet Syndrome work follow-up. Like his first book, he has conceived innovative theories, explanations, clinical models, and techniques of the problem that is responsible for the “Human Magnet Syndrome.”

“Self-Love Deficit Disorder (SLDD™)” is the crucial reformulation of the term “codependency.” It strips the antiquated and often misused word of its shaming connotations while providing a realistic description of the problem. As most people with SLDD will confirm, they would never be in harmful relationships with pathological narcissists if they had a stable sense of self-love.

“The Observe Don’t Absorb Technique” has captured the world by storm, as it (the video) has provided nearly **600K YouTube viewers** a powerfully effective tool against narcissistic abuse and gaslighting.
